

# SKCC K3Y Anniversary Event - 2020

## Non-US Station Operator's Guide

### INTRODUCTION

Even though only SKCC members in the US are permitted to use the K3Y call sign, members in other countries can participate as official event stations. This document provides information specifically for SKCC members outside of the US who would like to operate as official K3Y Event stations. Please also refer to the [US Station Operator's Guide](#) for additional information regarding operating procedures, logs and QSL cards.

### PROCEDURES

1) Contact the K3Y Coordinator for your WAC continental region:

|                |  |
|----------------|--|
| AF = Africa    | <a href="mailto:K3YAF@skccgroup.com">K3YAF@skccgroup.com</a> |
| AS = Asia      | <a href="mailto:K3YAS@skccgroup.com">K3YAS@skccgroup.com</a> |
| EU = Europe    | <a href="mailto:K3YEU@skccgroup.com">K3YEU@skccgroup.com</a> |
| NA = N.America | <a href="mailto:K3YNA@skccgroup.com">K3YNA@skccgroup.com</a> |
| OC = Oceania   | <a href="mailto:K3YOC@skccgroup.com">K3YOC@skccgroup.com</a> |
| SA = S.America | <a href="mailto:K3YSA@skccgroup.com">K3YSA@skccgroup.com</a> |

Coordinators' email addresses are also listed on the K3Y webpage at

[www.skccgroup.com/k3y/](http://www.skccgroup.com/k3y/)

2) Your Regional Coordinator can post your intended operating schedule on the SKCC Event Calendar here:

<http://www.skccgroup.com/cgi-bin/calendar.pl?year=2020&month=1>

3) While operating in the event send "CQ K3Y..." along with your own callsign.

For example: "CQ K3Y DE HA8KW K"

DO NOT add the suffix "/K3Y" or "/K3Y/EU", "K3Y/NA", etc. to your callsign. These are not legal callsign combinations.

4) Exchange the following information during the QSO: RST, QTH, Name, SKCC#

5) You can refer callers to "SKCCGROUP DOT COM" for more information.

6) Email your log file in ADIF format to your Regional Coordinator (EU, NA, etc.).

## LOG FILE NAMES

Log files should be named in the following example format:

*K3YEU-F6HKA-FRA-01 adi*

“K3YEU” is your K3Y continental region (K3YAF, K3YAS, K3YEU, K3YNA, K3YOC, K3YSA);

“F6HKA” is your callsign;

“FRA” is your Country code (See the SKCC Country Codes below);

“01” a sequential two-digit number; use a new number (01, 02, etc), for each new log file.

## MISCELANEOUS

If you provide a schedule of your intended operating times to your Coordinator they will be listed on the K3Y Schedule page at <http://www.skccgroup.com/cgi-bin/calendar.pl?year=2020&month=1> in the following manner:

0:00 - 3:00 : EU-FRA  
0:00 - 2:00 : EU-ENG  
0:00 - 4:00 : NA-MEX  
2:00 - 3:00 : AS-JPN  
etc.

The WAC continent abbreviation (AF, AS, EU, NA, OC, SA) precedes the three letter country code (FRA, ENG, etc). A list of three-letter SKCC Country Codes used on the K3Y Schedule page is shown below.

The exception is Canada where the province or territory should be listed instead of country. Canadian operators will appear on the K3Y Schedule page as: *NA-AB*, *NA-BC*, *NA-MB*, etc. (representing each of the province/territory regions: AB, BC, MB, NB, NL, NT, NS, NU, ON, PE, QC, SK, YT).

Non-US operators should call "CQ K3Y". This will alert SKCC members that you are operating in the K3Y event as a special "DX" station. It will also serve to publicize the K3Y Event.

If possible, please log in to the Sked Page while operating in the K3Y Event:

<https://sked.skccgroup.com/>

Do not refer to "K3Y/EU" "K3Y/NA", etc on the SkedPage. Instead, type "K3Y-EU", "K3Y-NA", etc. (use - instead of / ). This will help prevent misuse of the K3Y call sign.

**SKCC Country Codes** (*refer to attachment*)

-end-

SKCC COUNTRY CODES (alphabetical by country)

|     |                       |     |                     |     |                        |     |                      |     |                       |
